Our Leadership Development team has used the services of Sage Allan during 2007 to deliver several courses for HBOSA colleagues across Australia via our Pathway Program.

Although Sage Allan is based in Sydney, Isabella Allan has facilitated several courses in Brisbane and we have a variety of her courses booked in for the rest of the year in Perth, Brisbane, Melbourne and Sydney.

We have never experienced any problems with the fact that Sage Allan does not have an office in any city other than Sydney. In fact we are very impressed with the ease in which practical matters such as travel, course materials etc are dealt with and Isabella has been very flexible in meeting our needs across Australia.

We are extremely pleased with the professional manner in which Isabella presents/delivers to our colleagues and we have received nothing but positive feedback regarding her courses.
